

99 questions to jump pdf

Skim a PDF app for Mac has a split screen like feature that allows you to open two different sections of the same pdf at the same time, so you could have the page you are on in the top section and in the bottom section you could have the page you need to jump to and it also has a feature to mark a page and then jump back to the marked page from any other page. It's a Mac only app though, so you will need to find a app that offers equivalent feature for Windows.
