chocolate, getting high, and having sex make one's life go better in themselves, hedonists also recognize the value of the pleasures of falling in love, helping a friend, solving a problem, appreciating art, being proud, finding something out, studying philosophy, appreciating nature, reading a novel, relaxing in meditation, etc.

Hedonism Word Count: 4,488 - spot.colorado.edu

policymakers use findings from the science of happiness to guide their policy decisions, and how can they best do this? The Postscript for Policymakers concludes that findings from the science of happiness should be used to guide policymaking (with several qualifications), and it provides recommendations for how best to

do this.
