What About the Male Nude? Elena Samuelsen In post-Renaissance western art the male nude appears less frequently as a subject than the female nude. This paper explores the role of the naked man in the history of art during this time frame. I attempt to understand by examining specific works of art from

What About the Male Nude? - Belmont University

The history of painting reaches back in time to artifacts from pre-historic humans, and spans all cultures. It represents a continuous, though periodically disrupted, tradition from Antiquity. Across cultures, and spanning continents and millennia, the history of painting is an ongoing river of creativity, that continues into the 21st century.
