Advanced Machining Processes: Nontraditional and Hybrid Machining Processes Book (PDF) By Hassan Abdel-Gawad El-Hofy "Today's stringent design requirements and difficult-to-machine materials such as tough super alloys, ceramics, and composites, have made traditional machining processes costly and obsolete. As a result, manufacturers and ...

**[PDF] Advanced Machining Processes: Nontraditional and**

These machining processes utilizes electrical, chemical, and optimal sources of energy to bind, form and cut materials. El-Hofy rigorously explains how each of these advanced machining process work, their machining system components, process variables and industrial applications, making this book the perfect guide for anyone designing, researching or converting to a more advance machining process.
