Solutions that improve manufacturing processes, reducing time, waste, energy and money. AMS distributes automated factory equipment and manufactures state-of-the-art products with high performance and precision by using company's cutting edge technologies and through continuous investment in product innovation.

AMS - Advanced Mechatronics Solutions

This unique book extends mechatronics to spatially distributed systems. Issues regarding remote measurements and indirect monitoring and control of distributed systems is presented in the general framework of the recently developed ill-posed inverse problems.
