### **Agricultural commercialization, economic development, and**

Farm - Level Determinants of Agricultural Commercialization to assess the extent of agricultural commercialization at the farm level and to ascertain the determinants of agricultural commercialization.

### **Farm “ Level Determinants of Agricultural Commercialization**

and development for most developing countries relying on the agricultural sector [11],[8],[1]. Therefore there is need to identify the level and driving forces of commercialization of smallholder farming and possible areas of intervention.

### **Assessing the Extent of Commercialization of Smallholding**

agriculture in economics matched Kuznets’s (1966) empirical observation that the importance of the agricultural sector declines with economic development. In this view, the role of agriculture in economic development is to supply cheap food and low wage labor to the modern sector. Otherwise, both sectors have few interconnections.

### **Agriculture and development: A brief review of the literature**

Livestock production is a major component of the agriculture industry in Uganda contributing 9% of Gross Domestic Product and 17% of Agricultural Gross Domestic Product (Uganda Bureau of Statistics - UBOS, 2009).
