With Belimo's pressure independent control valve technology only a single valve is required to maintain proper flow through each circuit. Each valve arrives from the factory pre-set for each circuit and can be

changed in the field, so there is no additional balancing required.

It seems that every house I've ever owned has needed a new furnace. I mean sure, the old furnace was still there clunking along and producing heat, but it was always some embarrassingly old thing installed by someone that obviously didn't care about energy efficiency (or it predated the invention of efficient furnaces entirely).
