

metaphysics of the supernatural pdf

Metaphysics is the branch of philosophy that examines the fundamental nature of reality, including the relationship between mind and matter, between substance and attribute, and between possibility and actuality. The word "metaphysics" comes from two Greek words that, together, literally mean "after or behind or among the [study of] the natural".

The concept of the supernatural proposes that something cannot be explained by scientific understanding or the laws of nature. Examples often include characteristics of or relating to entities and concepts such as ghosts, angels, gods, souls and spirits, non-material beings, or anything else considered beyond nature like magic or miracles.. Over time, things once thought to be supernatural such ...
