No dependency on other software. You do NOT need to purchase additional Crystal Reports, Microsoft Office or any other licenses in order to process your reports or to review the exported files.

R-Tag

Criticism of Microsoft has followed various aspects of its products and business practices. Issues with ease of use, robustness, and security of the company's software are common targets for critics. In the 2000s, a number of malware mishaps targeted security flaws in Microsoft Windows and other products. Microsoft was also accused of locking vendors and consumers in to their products, and of ...
