Mary Toft (née Denyer; c. 1701–1763), also spelled Tofts, was an English woman from Godalming, Surrey, who in 1726 became the subject of considerable controversy when she tricked doctors into believing that she had given birth to rabbits.. In 1726 Toft became pregnant, but following her reported fascination with the sighting of a rabbit, she miscarried.

Restoration comedy was strongly influenced by the introduction of the first professional actresses. Before the closing of the theatres, all female roles had been taken by boy players, and the predominantly male audiences of the 1660s and 1670s were curious, censorious, and delighted at the novelty of seeing real women engage in risqué repartee and take part in physical seduction scenes.
