Hard currency, safe-haven currency or strong currency is any globally traded currency that serves as a reliable and stable store of value. Factors contributing to a currency's hard status might include the long-term stability of its purchasing power, the associated country's political and fiscal condition and outlook, and the policy posture of the issuing central bank.

Hard currency - Wikipedia

Soft power is the ability to attract and co-opt, rather than coerce (). Soft power is the ability to shape the preferences of others through appeal and attraction. A defining feature of soft power is that it is non-coercive; the currency of soft power is culture, political values, and foreign policies.
