which, as we have seen, are regarded as adequate indicators of capital murder rates. Another method is to follow the murder rate in a fixed state or jurisdiction and see what happened when capital punishment was abolished, and, in some cases, when it was reintroduced. Sellin and others did studies of this kind too.

Does Capital Punishment Deter Murder? - Dartmouth College

Indiana criminal law provides that a person who knowingly or intentionally kills another human being commits murder. A person attempts murder when, acting with the culpability required for the commission of murder, he or she engages in conduct that constitutes a substantial step towards the commission of murder.
