

night shift taking two pdf

Shift work is an employment practice designed to make use of, or provide service across, all 24 hours of the clock each day of the week (often abbreviated as 24/7). The practice typically sees the day divided into shifts, set periods of time during which different groups of workers perform their duties.

Programming. The most well-known graveyard slot in most parts of the world is the overnight television slot, after late night television and before breakfast television/morning show (between 2:00 a.m. and 6:00 a.m.). During this time slot, most people who are at home are asleep, and most of those who are awake are either at work, away from the television, trying to fall asleep, or just ...
